BT Phishing email

Please stay alert to phishing emails impersonating well known organisations.

The below was notified to me earlier in the week by a Kent resident. On of the giveaways that this was a scam was the bogus email address that it was sent from and the normal request to click a link and provide personal information. Remember, if has a link then do not click,

Your bank, or any other official organisation, won't ask you to share personal information over email or text. If you need to check that it's a genuine message, contact them directly.
