SUMMARY

Karen Langmaid and I attended the Youth Club Committee Meeting on Thursday 23 May 2019, where John Perry (as a Trustee) was also in attendance. The key points of the meeting were:

-) Paul Kelly provided an overview of how the youth club is run and that it serves 11 to 21-year olds on a Tuesday evening 18:30 to 20:30.
-) The finances are generally healthy with £8,200 and a further £1,500 ringfenced for youth activities and £1,000 ringfenced for refurbishment.
-) It was noted that the Men's Shed has not donated to the Youth Club for their use of the facility since January 2019. They were going to donate £10 per session they are in there. This has been reminded to the Men's Shed. SLR explained that he would discuss this at Community Enhancement Group.
-) The Committee agreed to the recommended changes to the Maintenance and Management Agreement proposed.
-) The Trustees would get in touch regarding a meeting to discuss the Service Level Agreement as soon as possible.
